*\*maintenance price included in price quoted.*

#### **General Availability**

*The committed delivery date for general availability (availability date) of products used in the price calculations must be reported. When the priced system includes products with different availability dates, the reported availability date for the priced system must be the date at which all components are committed to be available.*

All the items mentioned above are available as of the date of Submission (4 September 2002), with the exception of Pramati Application Server v3.0 SP4 which is due for release on October 31, 2002.

#### **Statement Of Responsibility**

The following submitter: Pramati Technologies Ltd. guarantees the accuracy of the supplied pricing data for a minimum of 60 days from 16<sup>th</sup> September 2002, and accepts the responsibility to provide revised pricing data to SPEC during the first 90 days should the price increase by 2% or more.

#### **Usage Level Pricing**

*For any usage pricing, the sponsor must disclose:*

*Usage level at which the component was priced.*

No component was priced by Usage.

#### **Pricing Source**

*System pricing should include subtotals for the following components: Server Hardware, Server Software, and Network Components used.*

All Hardware Price Information according to the Dell Online Store [www.dell.com](http://www.dell.com).
